

Permission Form for automatic NMR

**Authorization to use SPECTROPOLE 400 MHz
(400G and 400D) in automatic mode
Service 511**

CANDIDATE

Last name: _____ **First Name:** _____ **Status:** Permanent- PhD student- Trainee

Laboratory/Team/Service: _____ **Entry date into the Laboratory:** _____ **Planned date for exit:** _____

Last name and first name of the person in charge of the candidate: _____

Last name and first name of the training engineer SPECTROPOLE: _____

- The candidate has received training and information necessary for operation and use of Spectropole's self-service NMR spectrometers (service 511).
- The candidate must respect the instructions for safety, access and use of the equipment described in the internal regulations governing the service (document available on <https://fr-chimie.univ-amu.fr/spectropole/>).
- As a result, and in agreement with all the signatories, the candidate is authorized to use the equipment listed below during the opening hours, according to the modalities defined by Spectropole.

- 400MHz NMR Spectrometer (400G) with sample changer SampleCase Plus 60 positions
- 400MHz NMR Spectrometer (400D) with sample changer SampleCase Plus 60 positions

The candidate acknowledges having received at the end of the training the logins and passwords allowing him to program his analysis on the spectrometers and to recover his data on the Spectropole SFTP server. The service access code 511 is also sent to the candidate.

This information is confidential and should not be divulged.
